

QUALITY — PRECISION — RELIABILITY

Al Mana Enterprises Co is proud to introduce a comprehensive range of **Anteo** tail-lifts from Italy that accommodate all freight handling segments of the commercial vehicle market. We are confidently supplying the Qatari market with the best product and best warranty offering currently available.

Founded in 1969, **Anteo** now produce the widest range of advanced loading tail-lifts available worldwide thanks to the experience developed over many years in the design and production of hydraulic components for the major European machinery manufacturers.

The 5 cylinders F3CL 10/17 are very strong lifts, with very high performances for intensive usage. It is ideal for the most demanding applications in the regular transport business, such as supermarket and food distribution. Platform Power opening that gives high speed of platform opening, smooth hydraulic automatic tilt, high stiffness ideal to equip vehicles for customers that like high performances. All products are manufactured from high grade industrial aluminium, light weight, yet hard wearing and aesthetically pleasing.

The 5 cylinders F3CL 10/17 are extremely versatile lifts for all commercial trucks.
